Capstone Project/ Research Proposal Presentations

Students are requested to prepare a project proposal along with PowerPoint Presentation (PPT).

Capstone Project selection would be based on Panel Presentation. The Faculty Panel will decide whether to commence a project based on a presentation by a team of four to five students. Each team (Capstone Project as well as Research Project) has to prepare power point presentation on the best identified project idea in consultation with their faculty mentors as per the following guidelines:

Presentation Guidelines: 10-12 slides (max) excluding References

- **Title slide mentioning the Project Title, CPG No, Details of Team members**
- **Project Overview and Need Analysis**
- **Related Work/ Literature Survey**
- **Problem Statement and Objectives (Broad 3-4 objectives)**
- **Assumptions and Constraints**
- **Project Execution Plan (Broad Methodology)**
- **Project Requirements (Tools/Platforms to be used, hardware if any)**
- **Project Outcomes (Product/Service etc.)**
- **Work Plan**
- **Role/ Contributions of Individual Team Members References**

Presentation Duration: 8 minutes (max)
